

How do I get there? And where should I park?

Commuting?

The Butterdome is just a few minute walk from the University LRT Station. The University Campus is a hotspot for other forms of public transit, you can plan your trip on the ETS website

Driving?

Parking is available on-site on the west side of the building. If you are driving, you can use any lot on campus, however the closest one is on the west side of the Butterdome in the "Varsity Lot". If possible, carpool with your breasties!
