

# Staying Safe Together

## Physical Distancing in our Cancer Centres

### When can I bring someone with me?

You may bring  
1 support person to your  
first consult.

Please come alone for all  
treatment appointments, unless you  
have difficulties with mobility, hearing,  
seeing, a memory impairment or confusion.

### Who can come when I am able to bring someone?

Someone who is:

- 18 years or older
- healthy
- AND must not have travelled outside of Canada in the last 14 days

Use the  
**MYCareConversations**  
app to record your  
appointment and share  
it with loved ones

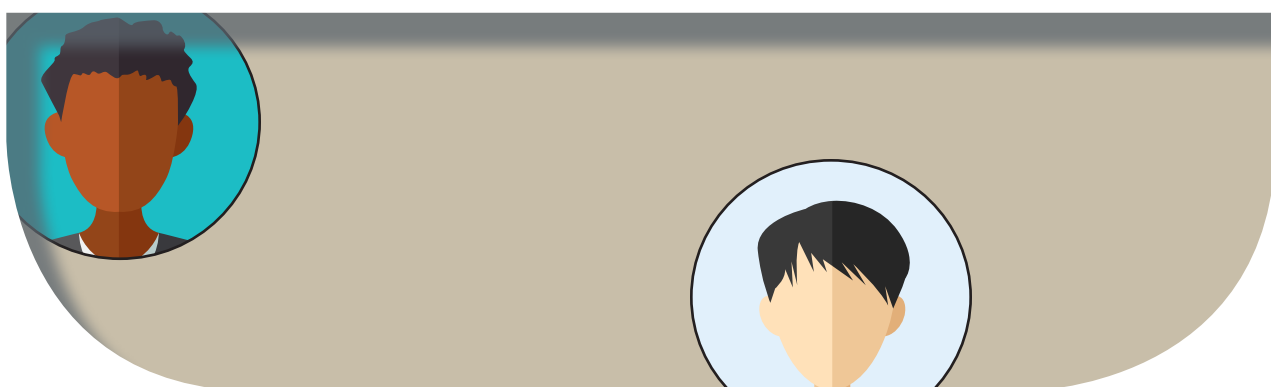

Everyone is safer when fewer people are in the cancer centre.

Thank you for being safe, kind and patient. We're in this together. We'll get through it together.
